4. On 5 and 6 March, the barracks installations (3401) in Rosslau were occupied by an estimated 3,500 troops, mainly tank units and including AT and AAA units. The intensive training previously observed outside the installation, especially with the tank units, had considerably decreased. Only individual T-34/85 tanks, left the installation toward Gross-Kuehnau. Training within the installation continued, with firing practices, including advanced combat practice firing; and training on obstacles, being observed.
